

MR. STEVE J. WHITMORE
Project Director
Missile Defense and Space Systems Project Office

Mr. Whitmore is the Project Director for the Missile Defense and Space Systems (MDSS) Project Office (formerly Upper Tier Project Office), under the Program Executive Office Missiles and Space (PEO MS), at Redstone Arsenal, Alabama.

Mr. Whitmore was previously the Javelin Product Director, Close Combat Weapon Systems Project Office (PO) for the US Army (2007-2010). Other past Army acquisition assignments include: Test Chief, Cruise Missile Defense Systems PO; Test Lead, JLENS Project Office; Assistant Product Manager for Radar Systems, Apache Helicopter Project Management Office (PMO), and CH-47F Test Lead, Cargo Helicopter PMO.

Mr. Whitmore has more than 20 years of professional experience in science, engineering, and management covering a broad spectrum of activities. He is Level III certified in Program Management, Test & Evaluation (T&E) and Systems Planning, Research, Development, and Engineering (SPRDE).

Mr. Whitmore has attended numerous leadership courses, including the Darden Business School Leadership program, and the Sustaining Base Leadership and Management (SBLM) course at the Army Management Staff College. He is a Fellow of both the Competitive Development Group (CDG) and the Defense Acquisition Senior Service College.

Mr. Whitmore received a bachelor's degree in engineering from the University of Alabama in Huntsville and a master's degree in engineering from Southeastern Institute of Technology.
